In accordance with this RFQ, the signatory on the letter transmitting the proposal agrees that its response to this RFQ is both current and accurate. It is understood and agreed that the response may become part of a legal and binding Contract for the project between the undersigned vendor and RJM Construction. Subcontractor acknowledges and agrees that prequalification will be based objectively on your complete response to this RFQ.

RFQ responses are due to isaac.lindberg@rimconstruction.com Tuesday, April 21st, 2026.

NOTICE TO QUALIFIED CONTRACTORS – Notice is hereby given that the City of Chanhasen and its Construction Manager (RJM Construction) are seeking to prequalify contractors for participation in bidding related to construction of the new Chanhasen Community Center project. After the deadline for responses to this RFQ, the City and RJM will establish a list of qualified firms based on approved selection criteria, which will be available for review as noted below. Contractors interested in being selected through the RFQ process should join the project through Building Connected: <https://www.buildingconnected.com>. Contractors approved to be included on the list will have the opportunity to competitively bid on the contract work for the project.

An optional informational meeting will be conducted virtually on **Wednesday April 8th, 2026 at 1:00pm**. If you do plan to attend the meeting, we do ask that you register via email with **Isaac Lindberg** (isaac.lindberg@rimconstruction.com) by **EOD Tuesday April 7th, 2026**.

HOW TO GET PLANS:

Preliminary Project Documents including the Proposal Form, Drawings, and Specifications will be on file at the office of the Construction Manager:

RJM Construction

1.0 GENERAL INFORMATION

1.1 Background and Purpose of Request for Qualifications

The purpose of this Request for Qualifications (RFQ) is to evaluate and prequalify subcontractors for the subject project at the City of Chanhasen Community Center. Based upon evaluation of the responses to the RFQ, the successful responders will be eligible to submit bid proposals for work and enter into a contract with RJM Construction, the Construction Manager as Constructor (CM) for the project. This RFQ applies to the following scopes of work to construct Community Center Building:

ALL SCOPES OF WORK FOR COMPLETE CONSTRUCTION OF COMMUNITY CENTER BUILDING EXCEPT FOR THE FOLLOWING SCOPES WHICH HAVE ALREADY BEEN ISSUED VIA BID PACK 1:

- 03A – CAST-IN-PLACE CONCRETE (FURNISH AND INSTALL)
- 03B – PRECAST CONCRETE – PLANK AND WALLS (FURNISH AND INSTALL)
- 05A – STEEL FABRICATION (FURNISH ONLY)
- 05B – STEEL ERECTION (INSTALL ONLY)
- 33A – SITE UTILITIES (FURNISH AND INSTALL)

1.2 Project Description

The project work scope consists of work scopes listed in paragraph 1.1 which are required to construct the new community center project. The schedule for the project is to commence construction work **summer 2026** with substantial completion for construction scheduled for **spring 2028**. Work will be completed according to the preliminary project construction schedule issued in the project Documents.

1.3 Description of Subcontract with Construction Manager as Constructor

All subcontracts will be executed by RJM Construction. Subcontractors interested in being prequalified for performing work on the project will be required to meet all qualification requirements contained in the RFQ. Sample subcontract (modified AIA A401-2017 and A201-2017) is attached for your review.

1.4 Prequalification Selection Process Schedule of Events

The intended schedule for prequalification is set forth below; however, RJM Construction reserves the right to modify this schedule as necessary via addendum.

2.0 INSTRUCTIONS TO RESPONDENTS

2.1 Required Review of Documentation Requirement:

Respondents shall include a signed copy of the "RFQ Acknowledgement" of this RFQ (page 1) with their proposal submittal which confirms acknowledgement of the RFQ contents.

2.2 Completion of RFQ Responses:

Each Respondent must (1) submit all attachments, (2) answer all questions, and (3) provide all requested information. Incomplete responses may be subject to rejection.

2.3 RFQ Response Submission – Content and Format

The RFQ Response package must include:

- a) A signed original of page 1 - RFQ acknowledgment
- b) Attachment One – Prequalification Form
- c) Attachment Two – Three Signed Reference Verification Forms
- d) Surety Information per requirement 10
- e) Attachment Three - Responsible contractor statement verification form

The Proposal format shall be as follows:

- a) 8.5 X 11 sheets
- b) Additional materials (i.e. brochures) shall not be included with the RFQ proposal contents.

2.4 Quantities and Electronic Submission:

Only e-mailed electronic copies will be accepted.

2.5 Requests for Clarification and Information

Communications with the Construction Manager regarding this RFQ must be submitted via email to **Isaac Lindberg** (isaac.lindberg@rimconstruction.com). All communications must be through the Construction Manager's designated point of contact.

2.6 Expenses:

Neither the Construction Manager nor the Owner assumes liability for payment of expenses incurred by Respondents in preparing and submitting proposals in response to this RFQ.

2.7 Disposition of Responses: All materials submitted in response to this RFQ will become public record after the evaluation process is completed and a prequalification decision made. If the responder submits information in response to this RFQ that it believes to be trade secret materials, as defined by the Minnesota Government Data Practices Act, Minn. Stat. § 13.37, the responder must clearly mark all trade secret materials in its response. Respondent shall defend any action seeking release of the materials it believes to be trade secret, and indemnify and hold harmless the CM, Owner, their agents and employees, from any judgments awarded in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives the award of a Contract. In submitting a response to the RFQ, the responder agrees that this indemnification survives as long as the trade secret materials are in possession of the CM and/or Owner.

3.0 THE PREQUALIFICATION PROCESS

3.1 Evaluation and Prequalification Process

To prequalify for the bid (RFB) phase of the selection process, your firm must pass all Requirement criteria. RFQ responses will be objectively evaluated using pass/fail criteria relating to each firm's ability to deliver the required construction service to the project. These criteria include:

- Experience and Capacity of the Firm/Company
- Experience and Capacity of key personnel that will be assigned to this project
- Successful experience on similar projects
- Availability to and familiarity with the project locale
- Capabilities to perform
- Past performance of the firm and its employees assigned to this project
- Compliance with State and Federal law
- Safety record: Your Experience Modification Rate (EMR) and OSHA record.
- Bonding capacity

4.0. CONTRACTING REQUIREMENTS

Detailed Contract obligations and measures of performance will be defined further during the Request for Bid (RFB) phase. The RFQ shall not be construed to limit the RJM Construction's right to enter into a Contract, to reject all proposals, or to select the best value proposal.

RJM Construction reserves the right to seek clarifications for responders on their RFQ and RFB proposal responses. Per MN Statute 471.463, Subd. 3(e): The construction manager shall competitively bid all trade contract work for the project from a list of qualified firms, subject to availability of such qualified firms for the specific work. The list of qualified firms shall be based upon an open, competitive, and objective prequalification process in which the selection criteria includes, in addition to the proposed price, the firm's experience as a constructor or primary designer, including capacity of key personnel, technical competence, capability to perform, the past performance of the firm and its employees, including its safety record and compliance with State and Federal law, availability to and familiarity with the project locale, and other considerations as defined by the construction manager at risk. The criteria shall not impose unnecessary conditions beyond reasonable requirements to ensure maximum participation of qualified contractors:

5.0 CONTRACT REGISTRATION

1.4.4.1 Minn. Stat 181.723 as amended (Minn. Laws, chapter 295) requires Contractors and Subcontractors that provide commercial or residential building construction or improvement services in Minnesota to be registered with the Minnesota Department of Labor and Industry (DLI) by September 15, 2012, unless they are already licensed, certified or registered by the Minnesota Department of Labor and Industry.

- a) Building construction contractors, including independent contractors, subcontractors, and business entities providing public or private sector commercial or residential building construction or improvement services are required to be registered with the Department of Labor and Industry.
- b) The registration requirement does not apply to workers and businesses that are already licensed, registered or certified with DLI, nor does it apply to employees.
- c) Registration shall be done online and requires information about the business and its owners and officers. This information is critical to enforcement activities of DLI, DEED, and Revenue and is the same information currently required for licensed residential building contractors, electrical contractors, and plumbing contractors.
- d) The law provides for penalties for failure to register, hiring unregistered contractors, misclassifying employees and coercing others to form a business entity. The penalty for failing to register will be forgiven if registration is achieved within 30 days, during the pilot project.
- e) The Building Construction Contractor Registration replaces the Independent Contractor Exemption Certificate program (ICEC).

6.0 GOVERNMENT DATA PRACTICES ACT

The companies and individuals working on this project fall under MN Statute 13 Government Data Practices Act. All the data created, collected, received, stored, used, maintained, or disseminated by the private person or company in performing those functions is subject to the requirements of this chapter and that the private person or company must comply with those requirements as if it were a government entity. The remedies in the statute's section 13.08 apply to the private person or companies under this subdivision.

7.0 JOBS REPORTINGS

All contractors are required to report on jobs created to complete the work on this project. Pursuant to M.S. Sec 16A.633, subd. 4, which was added during the 2012 legislative session, the State Agency is required to report the number of jobs created or retained by the Project. To enable the Contracting Agency to comply with M.S. Sec. 16A.633, subd. 4, the Contractor must submit job reporting for the Project through Project completion.

8.0 UNION AFFILIATION

RJM is only signatory to the Carpenter's, Laborer's, and Operator's unions. Any trade whose scope is affiliated with any of these three unions must provide pricing based on union wage rates. Non-union installations for any scopes not affiliated with these three unions will be entertained without reference to union wage rates. All subcontractor's must be fully aware that both union and non- union subcontracts can and will be contracted to perform work at the same time and shall extend full professional courtesy to all parties at all times.

RESPONSIBLE CONTRACTOR VERIFICATION AND CERTIFICATION OF COMPLIANCE

Project Number _____

Minn. Stat. § 16C.285, Subd. 7. **IMPLEMENTATION**. ... any prime contractor or subcontractor that does not meet the minimum criteria in subdivision 3 or fails to verify that it meets those criteria is not a responsible contractor and is not eligible to be awarded a construction contract for the project or to perform work on the project.

Minn. Stat. § 16C.285, Subd. 3. **RESPONSIBLE CONTRACTOR, MINIMUM CRITERIA**. “Responsible contractor” means a contractor that conforms to the responsibility requirements in the solicitation document for its portion of the work on the project and verifies that it meets the following minimum criteria:

- 1) The Contractor:
 - i. Is in compliance with workers’ compensation and unemployment insurance requirements;
 - ii. Is currently registered with the Department of Revenue and the Department of Employment and Economic Development if it has employees;
 - iii. Has a valid federal tax identification number or a valid Social Security number if an individual; and
 - iv. Has filed a certificate of authority to transact business in Minnesota with the Secretary of State if a foreign corporation or cooperative.
- 2) The contractor or related entity is in compliance with and, during the three-year period before submitting the verification, has not violated section 177.24, 177.25, 177.41, 177.44, 181.13, 181.14 or 181.722, and has not violated United States Code, title 29, sections 201 to 219, or United States Code, title 40, sections 3141 to 3148. For purposes of this clause, a violation occurs when a contractor or related entity:
 - i. Repeatedly fails to pay statutorily required wages or penalties on one or more separate projects for a total underpayment of \$25,000 or more within the three-year period;
 - ii. Has been issued an order to comply by the commissioner of Labor and Industry that has become final;
 - iii. Has been issued at least two determination letters within the three-year period by the Department of Transportation finding an underpayment by the contractor or related entity to its own employees;
 - iv. Has been found by the commissioner of Labor and Industry to have repeatedly or willfully violated any of the sections referenced in this clause pursuant to section 177.27;
 - v. Has been issued a ruling or findings of underpayment by the administrator of the Wage and Hour Division of the United States Department of Labor that have become final or have been upheld by an administrative law judge or the Administrative Review Board; or
 - vi. Has been found liable for underpayment of wages or penalties or misrepresenting a construction worker as an independent contractor in an action brought in a court having jurisdiction. Provided that, if the contractor or related entity contests a determination of underpayment by the Department of Transportation in a contested case proceeding, a violation does not occur until the contested case proceeding has concluded with a determination that the contractor or related entity underpaid wages or penalties;*
- 3) The contractor or related entity is in compliance with and, during the three-year period before submitting the verification, has not violated section 181.723 or chapter 326B. For purposes of this clause, a violation occurs when a contractor or related entity has been issued a final administrative or licensing order;*
- 4) The contractor or related entity has not, more than twice during the three-year period before submitting the verification, had a certificate of compliance under section 363A.36 revoked or suspended based on the provisions of section 363A.36, with the revocation or suspension becoming final because it was upheld by the Office of Administrative Hearings or was not appealed to the office;*
- 5) The contractor or related entity has not received a final determination assessing a monetary sanction from the Department of Administration or Transportation for failure to meet targeted group business, disadvantaged

business enterprise, or veteran-owned business goals, due to lack of good faith effort, more than once during the three-year period before submitting the verification;*

*Any violations, suspensions, revocations, or sanctions, as defined in clauses (2) to (5), occurring prior to July 1, 2014, shall not be considered in determining whether a contractor or related entity meets the minimum criteria.

- 6) The contractor or related entity is not currently suspended or debarred by the federal government or the state of Minnesota or any of its departments, commissions, agencies, or political subdivisions; and
- 7) All Subcontractors that the contractor intends to use to perform project work have verified to the contractor through a signed statement under oath by an owner or officer that they meet the minimum criteria in clauses (1) to (6).

Minn. Stat. § 16C.285, Subd. 5. **SUBCONTRACTOR VERIFICATION**

A prime contractor or subcontractor shall include in its verification of compliance under subdivision 4 a list of all of its first-tier subcontractors that it intends to retain for work on the project.

If a prime contractor or any subcontractor retains additional subcontractors on the project after submitting its verification of compliance, the prime contractor or subcontractor shall obtain verifications of compliance from each additional subcontractor with which it has a direct contractual relationship and shall submit a supplemental verification confirming compliance with subdivision 3, clause (7), within 14 days of retaining the additional subcontractors.

A prime contractor shall submit to the contracting authority upon request copies of the signed verifications of compliance from all subcontractors of any tier pursuant to subdivision 3, clause (7). A prime contractor and subcontractors shall not be responsible for the false statements of any subcontractor with which they do not have a direct contractual relationship. A prime contractor and subcontractors shall be responsible for false statements by their first-tier subcontractors with which they have a direct contractual relationship only if they accept the verification of compliance with actual knowledge that it contains a false statement.

Minn. Stat. § 16C.285, Subd. 4. **VERIFICATION OF COMPLIANCE**

A contractor responding to a solicitation document of a contracting authority shall submit to the contracting authority a signed statement under oath by an owner or officer verifying compliance with each of the minimum criteria in subdivision 3 at the time that it responds to the solicitation document.

A contracting authority may accept a sworn statement as sufficient to demonstrate that a contractor is a responsible contractor and shall not be held liable for awarding a contract in reasonable reliance on that statement. Failure to verify compliance with any one of the minimum criteria or a false statement under oath in a verification of compliance shall render the prime contractor or subcontractor that makes the false statement ineligible to be awarded a construction contract on the project for which the verification was submitted.

A false statement under oath verifying compliance with any of the minimum criteria may result in termination of a construction contract that has already been awarded to a prime contractor or subcontractor that submits a false statement. A contracting authority shall not be liable for declining to award a contract or terminating a contract based on a reasonable determination that the contractor failed to verify compliance with the minimum criteria or falsely stated that it meets the minimum criteria.
